ABOUT ME

I am a full-stack web developer with expertise in JavaScript, ReactJS, and MySQL. I have a passion for creating dynamic and interactive web applications that solve real-world problems. With my technical skills and experience, I am confident in delivering high-quality and user-friendly projects.

I also have a wealth of experience in other fields. I have a strong work ethic and am always eager to apply my skills and knowledge to tackle new challenges. I am confident that my diverse background and strong problem-solving skills will allow me to make a valuable contribution to any team or project.

CERTIFICATE

2022 : Fullstack Web Developer – Purwadhika Digital Technology School

WORK EXPERIENCE

2019 – 2022 → Bugukeiti, South Korea

➤ Production Operator

working as an operator in a steel-casting company that produces parts for heavy machinery. I was responsible for operating and maintaining production equipment, ensuring efficient production processes and ensuring that products met quality standards.

2015 – 2017 → PT Asmo Indonesia, Cikarang

➤ Production Operator

working in the manufacturing industry as a production operator at a company that specializes in the assembly of DC motors. During my time there, I was responsible for operating and monitoring production equipment to ensure efficient and accurate production processes.

2013 – 2014 → PT Menara Terus Makmur, Cikarang

➤ Quality Assurance

As a Quality Assurance in a automotive parts manufacturing company, I have experience ensuring product quality and production processes meet established standards.

2011 – 2013 → PT Astra Honda Motor, Cikarang

➤ Production Operator

As a worker in a motorcycle assembly manufacturing company, I have experience in the production process. I work with the team to ensure products meet specifications and are delivered on time.

EDUCATION

2008 – 2011 : Automotive Mechanical Technic at SMK SAKTI Vocational highschool
